

Intelligent Communications for Pharmaceutical Needs

Keep your larger workforce on point with critical and non-critical communication tools from the most trusted name in mass communication.

At a Glance

Use Regroup's award-winning platform to collaborate and improve workflow for larger, diversified workforces. Its rich features allow notifications to a multitude of devices, making critical and non-critical alerts more effective and its easy-to-use platform is ideal for two-way communication wherever you may be.

Fast and Easy Communication

Regroup's exclusive QuickPost feature can alert entire teams of important business — based on location, department, job title and more.

Multimodal Alerts

Send and receive alerts via text/SMS, text-to-speech, voice, email and push notifications. Use pre-configured QuickPosts for fast, 2-tap encrypted messaging to individuals, groups or your entire network.

Push Notifications

Push notifications allow customers to receive critical alerts even when their device's screen is locked and Regroup's mobile app is closed. This ensures that critical alerts will not be overlooked in an emergency situation.

The Smart Solution for:

Distributed Workforces

Emergency Notification

Staff Management
