

CUSTOMIZED FORM FIELDS

Send messages faster thanks to customizable templates.

THE CHALLENGE

Admins need the ability to send large numbers of messages, quickly and accurately without having to put together new communication templates with every new send.

THE SOLUTION

Customizable form fields and templates allow a faster and more precise messaging process.

Form Templates allow the user to choose preconfigured form field values on the go as needed for fast and easy sending of messages.

CUSTOMIZABLE, FAST AND EASY

Customized Form Fields are the best way to send notifications quickly and easily.

REUSABLE FORM TEMPLATES

Form Fields contain multiple-choice options with pre-configured values that can be used to create Message Templates. This allows admins to send out messages with just a few clicks.

USE WITH ANY TYPE OF MESSAGE

In almost every scenario, form templates can be used in any of your Message Types options.

EASY CREATION AND MODIFICATION

Customized Form Fields can be created and managed in just a few minutes from Channels -> Templates -> Form Fields.

“Regroup is great for notifying employees and students of emergencies and other notifications.”

– Tina H. - Systems Support Analyst

Since 2006, Regroup Mass Notification has provided a cloud-based, multi-channel mass notification platform for emergency and routine applications.
