

REGROUP FOR

HEALTHCARE

Regroup 

REGROUP'S AWARD-WINNING, CLOUD-BASED MASS NOTIFICATION PLATFORM IS SECURE AND HIPAA COMPLIANT, ALLOWING YOU TO KEEP PEOPLE SAFE DURING URGENT SITUATIONS AND COMMUNICATE BETTER THAN EVER BEFORE EACH DAY TO OFFER THE BEST PATIENT CARE POSSIBLE.

In addition to being a reliable and fast tool for managing emergencies, Regroup can be used every day by doctors, care staff, and patients. Our multimodal platform makes it easy to communicate within healthcare facilities, collaborate on patient care, manage staffing needs, and even provide updates and information to patients if desired.

SIMPLIFIED COMPLIANCE AND COLLABORATION

- ✓ **Conforms to HIPAA Standards:** Enable staff to communicate internally and with patients within a single, secure platform
- ✓ **Conference Bridging:** Quickly convene doctors, nurses, and other personnel to collaborate on patient care or other plans
- ✓ **Reach the Right People:** Notify personnel by role, department, shift, and more with unlimited groups in the system and flexible messaging options
- ✓ **Improve Staffing & Training:** Reach on-call staff to fill or cancel shifts, and send reminders for training and certification compliance

SOME OF THE WAYS TO RECEIVE

IMPROVE YOUR EMERGENCY RESPONSE

Regroup's unique features enable you to respond to critical events and situations quickly to ensure continuity of operations and patient safety, even across large medical campuses and when your workforce is dispersed. Our HIPAA compliant platform makes it easy to alert employees of evacuations, medical lockdowns, infectious disease outbreaks, missing patients, and more without compromising patient privacy.

- ✔ **Quick Post Templates:** Create unlimited templates that can be sent with 2-clicks in the event of a natural disaster, bomb threat, active shooter, or any other emergency you want to prepare for
- ✔ **Reach Everyone, Everywhere:** Send messages by text/sms, voice calls, email, desktop notifications, and through PA systems, digital signage, and other pre-installed hardware at any facility
- ✔ **Automated Severe Weather Alerts:** Receive alerts from FEMA's Integrated Public Alert & Warning System (IPAWS), NOAA & the National Weather System (NWS), and more
- ✔ **Two-Way Messaging:** Get on-scene updates to inform your security and response teams on how to best protect patients and staff

CENTERS FOR MEDICARE & MEDICAID (CMS) EMERGENCY PREPAREDNESS MANDATE

The CMS requires healthcare facilities to have an emergency preparedness and disaster recovery plan in place in order to maintain participation in the Medicare and Medicaid programs. Regroup's mass notification platform can help your organization meet many of the mandate's requirements by ensuring your doctors, nurses, staff, and others get critical information quickly, wherever they happen to be.
