

REGROUP MASS NOTIFICATION FOR CORRECTIONAL FACILITIES

IMPROVED COMMUNICATIONS FOR CORRECTIONAL FACILITIES

THE POWER YOU NEED

Improve safety and operational efficiency, while reducing overall costs, with mass notification from Regroup. Our cloud-based multi-channel platform provides a powerful tool for communicating and collaborating during both daily operations and critical events.

From coordinating logistics for court appearances to alerting neighboring communities of a potential escapee, Regroup provides the notification solution that you and your teams can rely on.

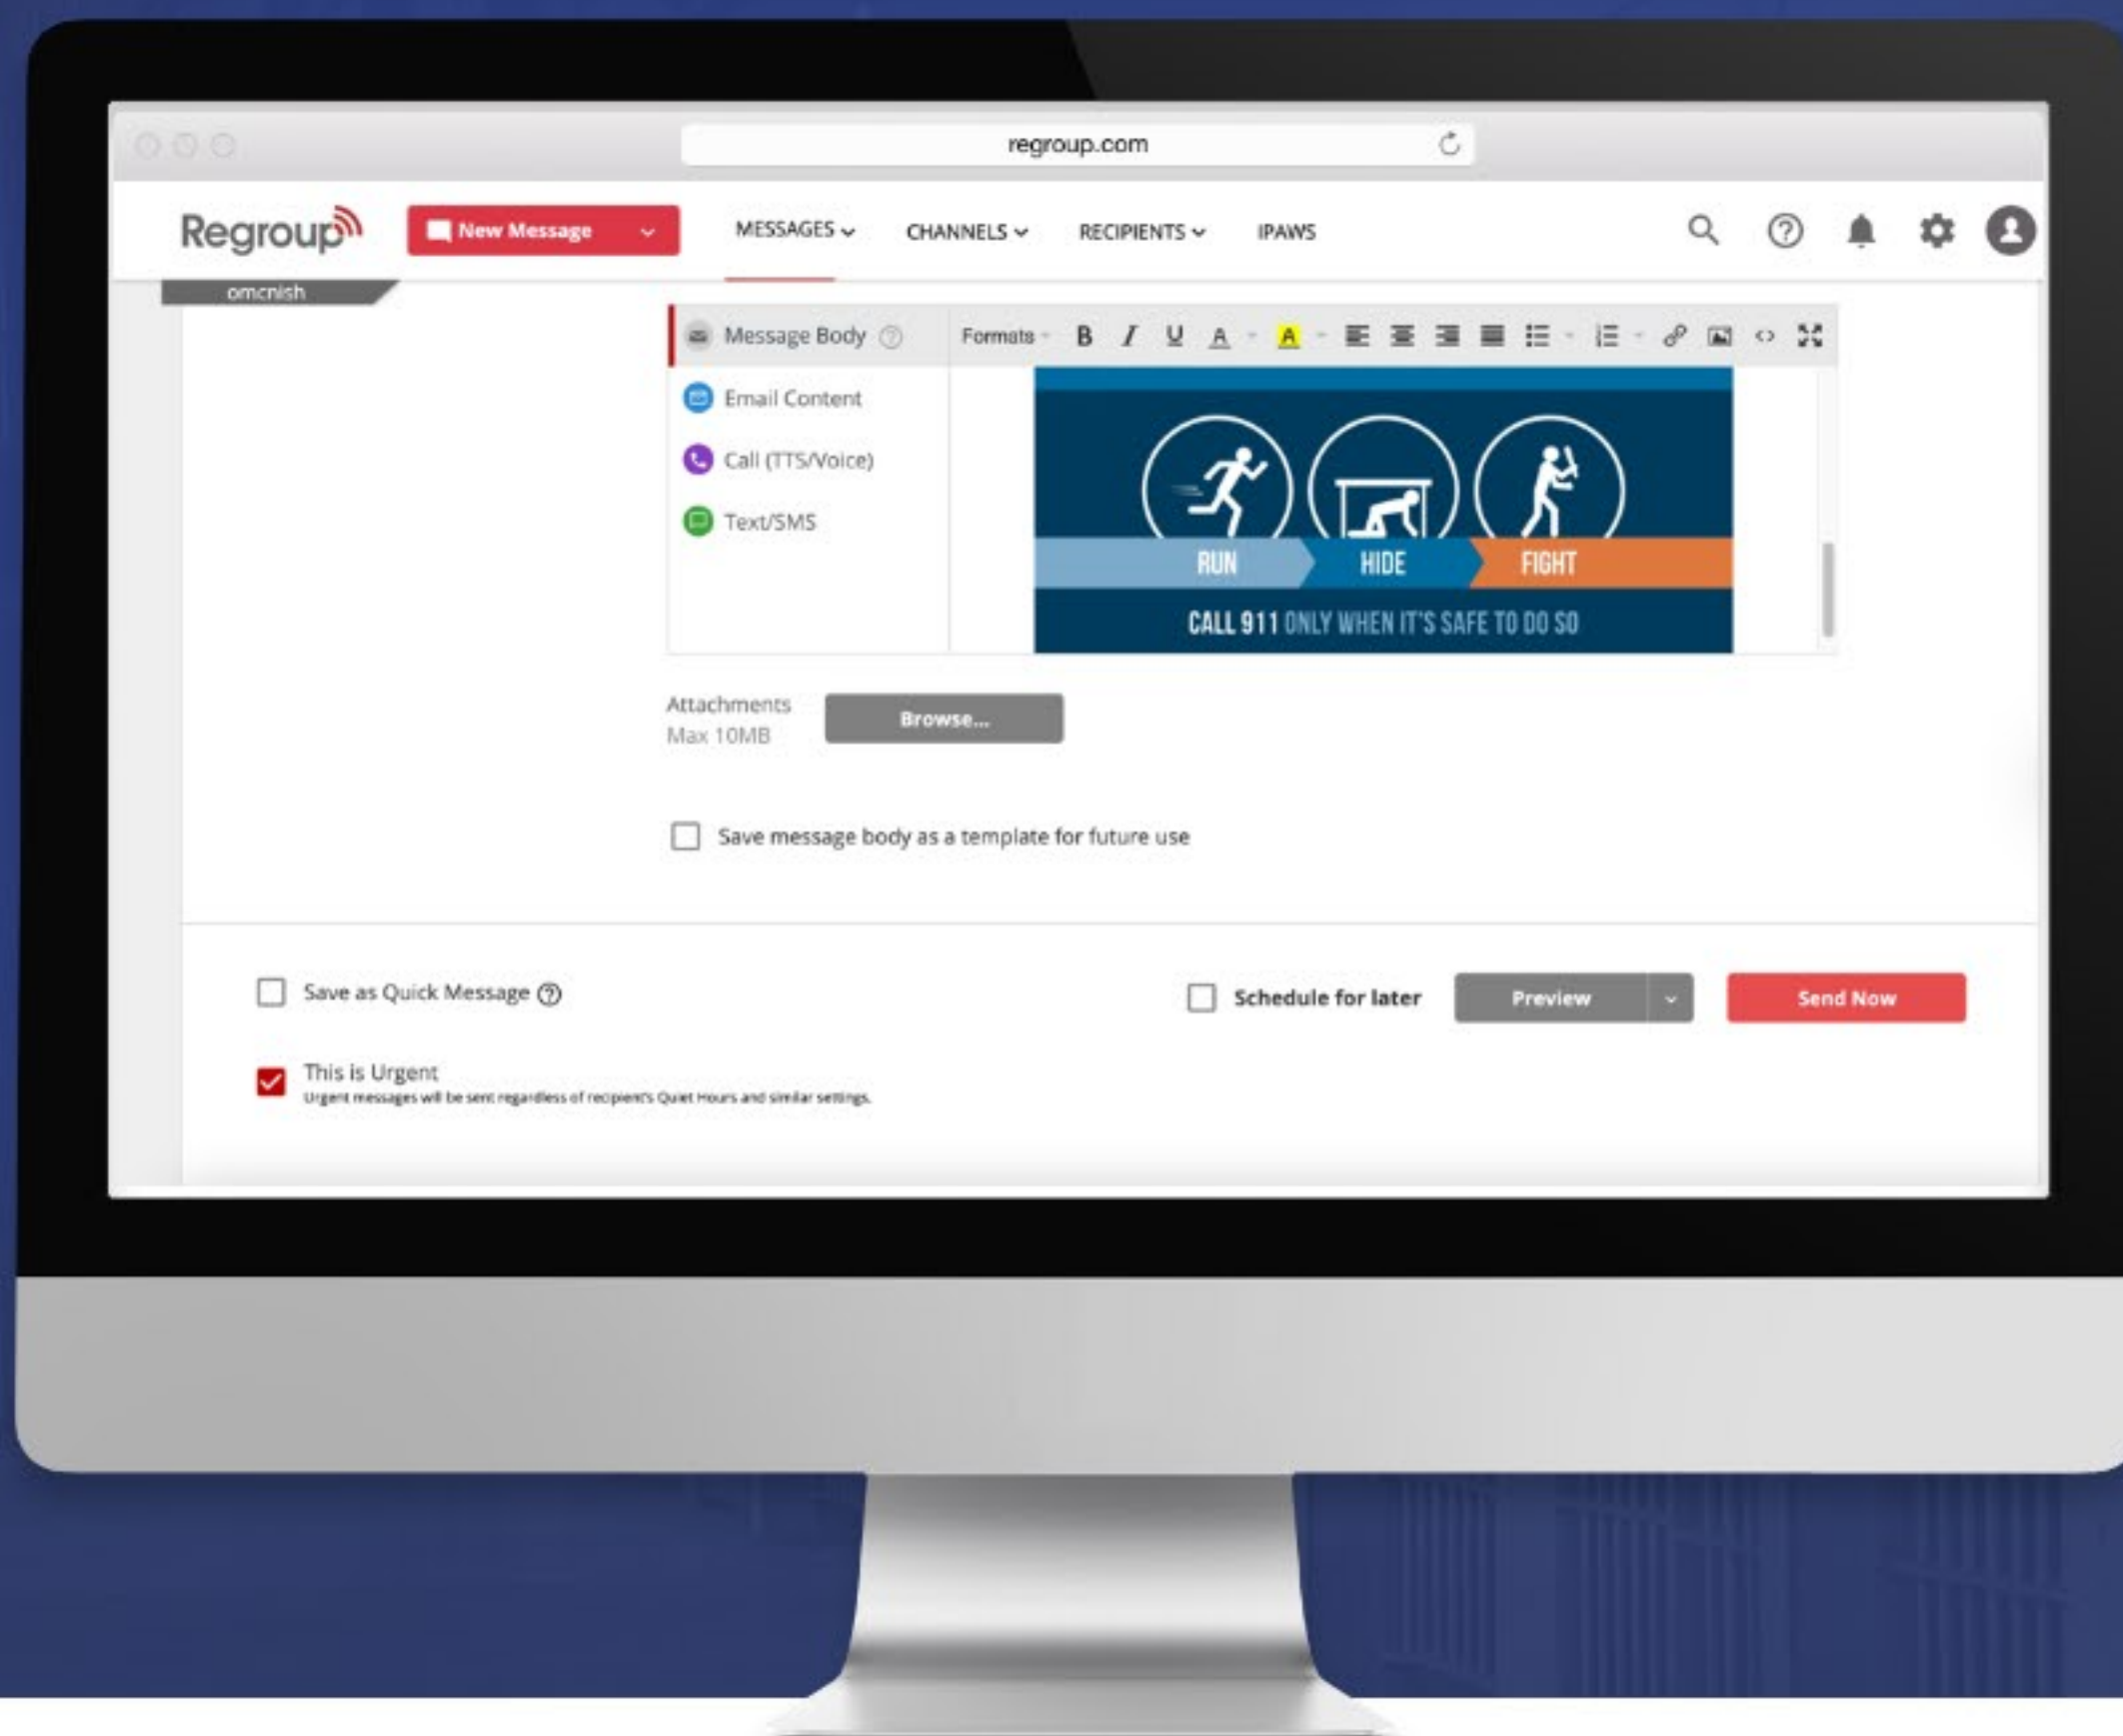

WHY REGROUP?

- ✓ **UNIFIED COMMUNICATIONS**
Unify mass communication technologies under the Regroup umbrella for rapid, two-click alerting to mobile devices, pagers, PA systems, digital and highway signage, alarm systems and more. Regroup can trigger (and be triggered by) third-party systems for comprehensive critical alerting when seconds count.
- ✓ **INCREASED SITUATIONAL AWARENESS**
Regroup's anonymous incident reporting gives facilities the ability to avert potential crises by enabling staff, visitors and other members of the public to report suspicious activity or individuals from mobile devices.
- ✓ **IMPROVED SAFETY AND RESPONSE**
Use Regroup's encrypted mobile app with advanced push notification technology to ensure critical information is received, even when other channels are unavailable. And, our QuickConference call bridge makes it easy to collaborate and plan with onsite teams and outside agencies for improved response times to critical events.

THE FEATURES YOU DEMAND

- Easy-to-use interface
- Two-click, multi-language messaging
- Text, voice, email and social media
- Unlimited recipients and groups
- Rich media messaging
- Geo-targeted messaging with ESRI mapping
- Automated NWS alerts
- Free mobile app
- QuickConference call bridge
- Anonymous reporting
- IVR polling
- APIs and integrations

- ✓ **AUTOMATED ALERTING**
Reduce human error and accelerate response by automating the notification process. Automatically disseminate NWS watches and other warnings in real-time to provide advance notice of severe weather or dangerous wildfire conditions.
- ✓ **EFFICIENT STAFFING MANAGEMENT**
Easily and efficiently reach on-call staff and fill open shifts with automated staffing alerts. Utilize Regroup's IVR polling to confirm availability of additional resources or the status of personnel following an incident.
- ✓ **THE CASE FOR REGROUP**
Regroup's genesis is in emergency mass notification. Because of that, our platform was built to be robust and reliable, for every application. Combine that with our unlimited training and 24-hour client support and it's easy to see why Regroup is the most trusted name in mass notification solutions.

Learn More

See for yourself why millions of users across 22 states and four countries rely on Regroup to keep the lines of communication open.
